The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is not within the scope of claim 9 from which it depends. R3 in claim 9 is recited as "alkenyl". In claim 10 R3 is t-butoxycarbonylethenyl. This is not an alkenyl group.
